

RAO/CIS Offshore Anniversary!

On September, 13-16, 2011 for the 10th time International Conference and Exhibition for Oil and Gas Resources Development of the Russian Arctic and Continental Shelf will be held in Saint-Petersburg.

The **program of RAO/CIS Offshore 2011** has been already approved and now includes 3 Plenary Sessions, 10 specialized round table meetings, exhibition and matchmaking center.

All the meetings and events will be devoted to development and operation of oil and gas deposits on shelves of the northern, southern and Far Eastern seas in Russia, Shtockman gas condensate deposit, the world environmental safety and international cooperation issues.

At the exhibition companies will present new projects of oil and gas resources development in Russian Arctic and CIS shelf, innovative techniques and technologies of oil and gas exploration, facilities for industrial and environmental safety.

Such companies as **Statoil, Total, Gazprom, Kosmos-Neft-Gas** have already confirmed their participation in RAO / CIS Offshore 2011.

Early birds are offered special prices (if registration is effected before Dec., 31 2010).

Reference:

The history of RAO/CIS Offshore dates back to 1993 when the Shtokman, Prirazlomny and Sakhalin projects were launched.

Conference and Exhibition is held on a **biennial** basis.

RAO/CIS Offshore is **supported by the Government of Saint-Petersburg.**

Over 4500 delegates and 1000 companies from 17 countries have taken part in RAO/CIS Offshore over the years of its existence.

Today RAO / CIS Offshore is an internationally acknowledged event which offers lots of opportunities and facilities for the specialists of the industry to demonstrate scientific knowledge and technological achievements as well as to discuss the current issues of oil and gas offshore fields development.
